Re: 0201UR Automatically Adjustable Rear Suspension for Trike Utility Patent Application;
Serl. No. 10/058,203.

Of Our Mutual Concern:

Enclosed please find:

Petition for Revival of Application for Patent Abandoned Unintentionally Under 37 C.F.R.
1.137(b)

Request to Rescind Previous Nonpublication Request
\$640 check to "Commissioner of Patents & Trademarks"

The subject U.S. Utility Patent Application Serl. 10/058,203 was filed 1/29/2002, and no Office Action has been received by Applicant pursuant thereto. A Nonpublication Request was filed simultaneously.

On 7/12/2002 a Canadian patent application was filed which claimed priority of the subject U.S. patent application. A Request to Rescind Previous Nonpublication Request was unintentionally not filed for the subject U.S. patent application within 45 days of the Canadian application filing date, at which time the subject U.S. patent application presumably became abandoned.

Accordingly, enclosed please find the required Request to Rescind Previous Nonpublication Request, and a Petition for Revival of Application for Patent Abandoned Unintentionally Under 37 C.F.R. 1.137(b) with fee. Please revive the subject application, and ensure the enclosed Request to Rescind Previous Nonpublication Request is acted on appropriately within the Office.

Thanks in advance for your help in this matter. In case of any questions, please do not hesitate to call me at the letterhead number.
